

Welcome to Great Village Elementary School and the 2021/22 school year!

We are very proud to be your child's school and we enjoy working alongside all involved in their lives. Our goal is to provide each student with a positive, inspiring and rigorous learning experience now and for years to come. The den staff displays hard work, dedication and passion for teaching students to take care of each other, themselves, their school and community.

Providing a safe and caring school environment is the first step to improving student learning. We know this year looks different than most, but we also know that by working together to support our learners (grizzly cubs), we can make the very best of this situation while keeping students and families safe and supported.

Thank you, Grizzly Bears, for creating such a caring and welcoming den. We are very proud of the accomplishments and continue looking forward to working with you all this year!
